

Welcome!

DEAR FAMILIES,

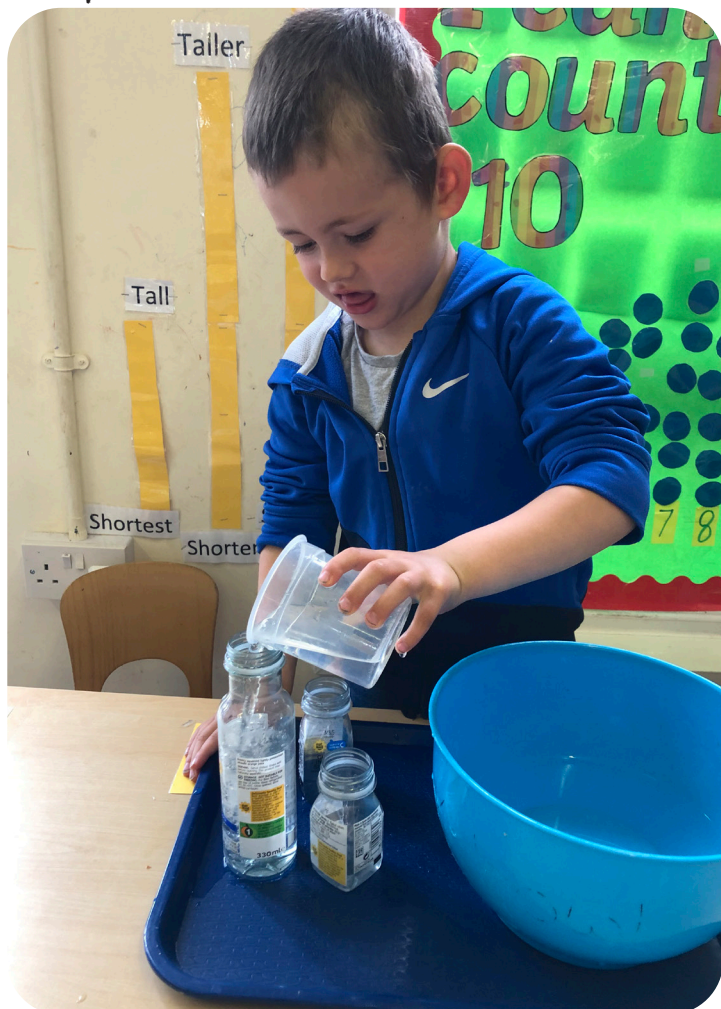

WE HOPE YOU ARE ALL WELL. THANK YOU FOR TAKING THE TIME TO READ OUR MONTHLY NEWSLETTER THAT SHOWS YOU SOME OF WHAT WE HAVE BEEN UP TO. WE PROVIDE A RANGE OF DIFFERENT ACTIVITIES THROUGHOUT THE DAY THAT IS PLANNED FOR WEEKLY. WE ENSURE THESE ACTIVITIES OFFER SUPPORT AND ALSO PROMOTE CHALLENGE TO OUR CHILDREN. IF YOU HAVE ANY QUERIES/COMMENTS/FEEDBACK/SUGGESTIONS PLEASE CONTACT US DIRECTLY ON LMNS@LITTLE-MARVELS.CO.UK. PLEASE ALSO FOLLOW, LIKE AND SUPPORT OUR SOCIAL MEDIA PAGES: @LITTLEMARVELSNURSERYSERVICES ON INSTAGRAM AND @LITTLEMARVELSNUSERYSERVES ON FACEBOOK.

KIND REGARDS,

LISA KEARNE

BUSINES MANAGER

Scooping and Pouring

Zack was taking part in the scooping and pouring activity. He showed good concentration and good control when he was holding the cup. He's able to pour the water into the bottle without spilling any of it. Activities like this help children with their hand eye coordination.

Watering Plants

As this month has been getting warmer the children have really used the opportunity to go and play outside. Layla really enjoyed going outside after filling her water can and watering all of the plants and bushes. Its good for children to do this as it helps them to understand that plants are also living things.

Sensory Play

This month the children took part in alot of sensory play. The children especially love paint. The children mixed colours together and then used their hands and different objects to go through the paint and make their own patterns.

Hula Hooping

Imaan, was playing in the garden with hula hoops, the children really enjoy this activity as they get to play in the garden with each other. This activity is excellent for the children as hula hooping allows them to communicate with each other and the staff. It is also good for developing their fine and gross motor skills.

Focus Activity

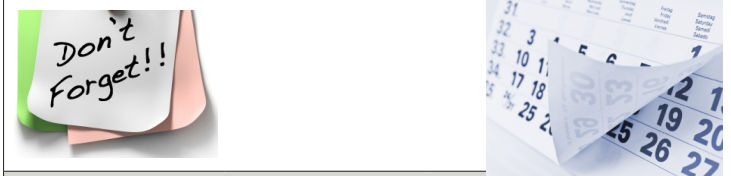

This month Zackariya was outside exploring the different bugs that live in our world. He was especially intrigued by the snails outside, he began to collect them and count them one by one. Outdoor play offers valuable experiences that can have a positive impact on children's physical development, social skills, creativity, and learning. Learning about and looking for insects is a fantastic activity that encourages children to enjoy and respect their outdoor environment.

Fathers Day

Mahdi was enjoying making his fathers day card. He was using a sponge to dip it in paint and dabbed it onto the paper. An activity like this is good for the children because art engages children's senses in open-ended play and supports the development of cognitive, social-emotional and multisensory skills.

Labelling Personal Items

Can all parents / guardians and carers please ensure that all personal items are labelled with your child's name. We have lots of children in and out every day and do not want to mix their belongings up.

Changing Weather

As the weather is beginning to change, please be mindful that as a nursery we have access to the outdoor environment everyday. It is therefore really important that all children come dressed in appropriate clothing for the weather and have a change of clothes available if needed.

Child Illness

This is just a reminder for parents that if your child requires Calpol or any other over the counter medication for general illnesses, they are not allowed to attend nursery. Please ensure you communicate with the nursery if your child will not be attending.
